

QHSE Policy

HORIBA Medical shares his vision:

« **Be the preferred partner in medical diagnostic solutions** »

Our values

Promote access to healthcare for all.

Place the prevention of health and safety of our employees in the heart of our company management.

Bring the wellness and 'Joy and Fun' philosophy of life.

Guarantee an ethical practice of activities.

Supporting diversity, gender diversity, and professional equality.

Encourage innovation and creativity.

Share knowledge and expertise.

Build solid relationships with educational academies.

Mobilize and organize the reduction of our environmental impact.

Our commitments

Be an ethical player in the global health economy.

Foster the development and commitment of all our employees.

Be a responsible player in the energy and ecological transition.

Ensure adherence to legal and other compliance requirements.

For our customers

Provide reliable and innovative products and services that meet customer expectations and trust.

Maintain and continuously improve the efficiency of the QHSE management systems.

Protect the environment especially by preventing environmental pollution.

As President of HORIBA ABX SAS, I commit all of the company's employees to the improvement of our performance through the implementation of this policy.
