Join our workshop on the latest Complete Blood Count (CBC) and Erythrocyte Sedimentation Rate (ESR) testing solutions. The new Yumizen H550E and Yumizen H500E analyzers streamline CBC with differential testing and integrate ESR results, enhancing routine laboratory use. Raymond Dominic Toghil, Senior Biomedical Scientist from Cardiff, will share insights on the analyzers' accuracy, efficiency, and time-saving benefits. Discover the practical applications of this advanced technology for clinical laboratories.

#### Who should attend?

Laboratory hematologists, laboratory officers, or laboratory technicians looking for new hematology solutions or interested in new ESR + Hematology solutions
