

HORIBA Scientific is excited to announce our Spring 2022 Raman Boot Camp, a two-day, in-person, interactive Raman training course! The course will be held at HORIBA's Optical Spectroscopy Center in Piscataway, NJ.

Get dedicated hands-on training in our new, state-of-the-art Raman Applications Labs with 7 of our Applications Scientists.

Over the course of two full days, you will learn the basics of Raman spectroscopy and imaging. Topics will include:

- Fundamentals of Raman spectroscopy
- Fundamentals of Raman instrumentation
- Raman hyperspectral imaging
- Fundamentals of HORIBA Raman hardware/software
- Targeted Raman applications that may include such diverse topics as: Semiconductors, 2D materials, pharma/life sciences, polymers and microplastics, energy and batteries, and more.
- Special Raman modes (SERS, TERS, etc.)
- Multivariate analysis techniques
- Customization and automation
- Maintenance, basic troubleshooting, and upgrade resources available
- Advanced hands-on training

SEATING IS LIMITED. We want to ensure that our attendees get the most out of the courses and training. So, sign up early!

*Cost: \$2000 Corporate Rate
\$1000 Student Rate (Photo ID Required at check in)

Training certificates will be given to every attendee, upon completion of the training.

REGISTER HERE

*Cost includes: 2 full days of Raman training, all course materials, 2 continental breakfasts, 2 lunches and one group dinner.
